DETAILED ACTION

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christopher Reckamp on 09/12/2006.

In claim 10, change "a power amplifier for amplifying a transmission signal which has been predistorted by the predistorter" to "a power amplifier for amplifying the transmission signal which has been predistorted by the predistorter".

Allowable Subject Matter

Claims 1 – 17 are allowed. The following is an examiner's statement of reasons for allowance:

A comprehensive search of prior art of record failed to teach, either alone or in combination, a method/apparatus for predistorting a transmission signal to be transmitted over a nonlinear transmission path, comprising of an estimator for generating an error signal by combining the transmission signal with a distortion coefficients obtained by accessing a previously registered transfer function characteristic of the nonlinear transmission path based on the transmission signal; generating a correction signal by a temporal extension of the error signal by a time-dispersive element; then combining the transmission signal and the correction signal; wherein due to the temporal extension of the error signal, an error signal segment in the

frequency spectrum of a transmission signal transmitted by the nonlinear transmission path is shifted away from the useful frequency range of the signal as recited in claims 1, 10, 11, 12 and in combination with other elements of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
